Description of Articles	Value
Please indicate the number of each item you donated and calculate the total amount of your donations. We must have a copy on file for our records and you must keep a copy for your tax preparer.	

Valuations of gifts are the privilege and responsibility of the donors.

The following is a list of average prices, if the items are in good condition. New or expensive items would be higher and damaged materials less. There are, of course, other variables such as: condition, age, antique value, cleanliness, repair needed and value when new. The list is for your guidance only.
